ABOUT CANDA

CANDA provides services and solutions that offer breakthrough Agility with focus on development and delivery processes that are dynamically updated, modular and secure. Our work includes vast experience and a proven history in the Federal Government marketplace and Fortune 1000 companies.

HOW WE MAKE A DIFFERENCE

We have experience with addressing tough, sinking projects, disjointed IT organizations, with customer service concerns, multiple priorities and making them not only success but also referenceable accounts. And we do it consistently on time and budget.

OUR PROCESS

We use the same 'FARM' methodology in all that we do, from working with multi-agency initiatives, to the detailed and intricate challenges brought on by today's changing and evolving workforce, we realize that you need a common approach to ensure mission success.

Our FARM process - Fresh approach to Agile, Alignment of business drivers, stakeholder needs and priorities and outcomes, driving Results with our focus on client requirements, needs and priorities, and always with our inherent focus on a Managed Approach, has resulted in proven success, time and time again.

ENTERPRISE CAPABILITIES

Fresh Haystack helps to bring competing priorities and chaotic processes to order and alignment. We empower the customer, drop cycle time, cut costs, increase quality and deliver better overall IT products. The result? Our work turns the course of challenges and embraces all priorities to increase productivity at least by 60% in the first year alone while adapting to always changing requirements and policies.

Fresh Haystack was developed specifically for Security Clearance domain with focus on bringing precision, accuracy and acceleration to the paper-bound processes of Collateral, SCI and Public Trust Security. Our ultimate goal is to revolutionize the Personnel Security software and automate the full lifecycle of security clearance processing.

Fresh Haystack is the only product on the market today addressing end-to-end lifecycle of the Enterprise Industrial and Personnel Security. Our platform combines Suitability and Public Trust, Collateral & SCI Security, Network & Cyber Security, Continuous Evaluation with Insider Threat, CounterIntelligence and Investigations Management on any device. Fresh Haystack is a true, single platform to secure the entire human supply chain.

Instant Velocity with a Fresh Approach
